AASHTOWare Project Civil Rights & Labor™ Quick Reference Guide for LaDOTD Modify a Rejected Payroll

Additional contractor payroll Quick Reference Guides and Computer Based Training files are available from LaDOTD.

Background:

- This process is applicable to both prime contractors and subcontractors who submit payroll records in AASHTOWare Project Civil Rights & Labor.
- For a prime contractor payroll: When LaDOTD rejects a payroll, the prime contractor will review the payroll. If the payroll is correct, the prime contractor will approve it with an explanation. If it is not correct, the prime contractor will create a payroll modification and sign the corrected payroll.
- For a subcontractor payroll: When LaDOTD rejects a payroll, the prime contractor will also reject the payroll. The subcontractor will review the payroll. If the payroll is correct, the subcontractor will approve it with an explanation. If it is not correct, the subcontractor will create a payroll modification and sign the corrected payroll. The prime contractor will perform a prime review of the modified subcontractor payroll.
- A payroll modification can be created at any time. A prime contractor does not have to wait for LaDOTD to reject a payroll to correct a payroll. A subcontractor does not have to wait for LaDOTD or the prime contractor to reject a payroll to correct a payroll.
- A payroll record can be progressed and returned as many times as necessary, with as many modifications created as needed. The previous payroll records are kept as historical records.
