

American Segmental Bridge Institute

## Construction Practices for Segmental Concrete Bridges Seminar

August 17-18, 2023

New Orleans, LA

### Based on the Construction Practices Handbook for Concrete Segmental and Cable-Supported Bridges

*Educational training program for the purpose of educating the industry, sharing best practices, and standardizing methods, this Seminar is intended to provide a basic understanding of segmental construction technology. The overall goal is to facilitate the construction process, avoid common difficulties previously encountered, and reduce impacts to projects.*
