**APPENDIX A – DIRECTIVE PLANS**

## **1.0 INTRODUCTION**

This Part 4 – Request for Proposals (RFP) Plans contains the RFP Plans to be used for the Project. The RFP Plan types contained herein are categorized as Directive Plans.

## **2.0 INDICATIVE PLANS**

There are no Indicative Plans on this Project.

## **3.0 DIRECTIVE PLANS**

Directive Plans are those plans that depict required elements and components of the Project within specifically defined parameters. The Design-Builder has limited or no latitude to adjust components or details shown on Directive Plans. The Directive Plans for this Project are the Right-of-Way (ROW) plans. The ROW plans depict the Project limits, including the following:

- A) Interstate-12 (I-12) ROW Maps for Baton Rouge – Walker Interstate Highway (State Project Number 454-02-02);
- B) Interstate-12 ROW Maps for Baton Rouge – Walker Interstate Highway (State Project Number 454-01-06); and
- C) As-Built Plans<sup>1</sup> for Juban Road Interchange at I-12 (State Project Numbers 454-02-0035 and 832-13-0010).

<sup>1</sup>Only the ROW plans (sheet numbers 84 through 99), which are a part of the as-built plans, are to be used as Directive Plans. All other information included in these as-built plans is to be used only as Reference Documents.

The Directive Plans for this Project are contained in Appendix A – Directive Plans to this Part 4 – Request for Proposal Plans.
