- Mailboxes shall be placed such that they are not more than 12 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 14 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 16 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 18 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 20 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 22 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 24 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 26 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 28 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 30 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 32 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 34 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 36 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 38 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 40 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 42 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 44 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 46 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 48 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 50 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 52 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 54 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 56 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 58 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 60 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 62 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 64 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 66 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 68 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 70 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 72 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 74 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 76 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 78 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 80 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 82 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 84 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 86 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 88 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 90 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 92 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 94 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 96 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 98 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 100 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 102 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 104 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 106 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 108 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 110 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 112 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 114 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 116 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 118 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 120 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 122 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 124 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 126 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 128 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 130 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 132 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 134 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 136 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 138 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 140 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 142 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 144 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 146 ft from the edge of the shoulder.
- Mailboxes shall be placed such that they are not more than 148 ft from the edge of the shoulder.
