

Driveway and Median Counts

15-minute Driveway and Median Opening Counts

Counts at driveways or median openings may be conducted for a minimum 15-minute period. These locations shall be approved by DOTD before any counts are performed and the count data shall be displayed on the count maps. The counts need to be done within the specified peak hour, not the peak period, and the exact time the counts are performed shall be specified on the driveway count form. The two forms below shall be used when taking these types of counts.

Driveway	Counts	Exampl	0	Form
