

PLANT EXPANSIONS & TRAFFIC IMPACT

Southwest Louisiana Industrial Expansion

Estimated \$100 Billion in Projects

OVERVIEW

- 14 facilities proposed
- 5 sites in construction phase today
- 3 sites to begin early 2017
- 23,000 temporary workers
- 1,100 permanent jobs

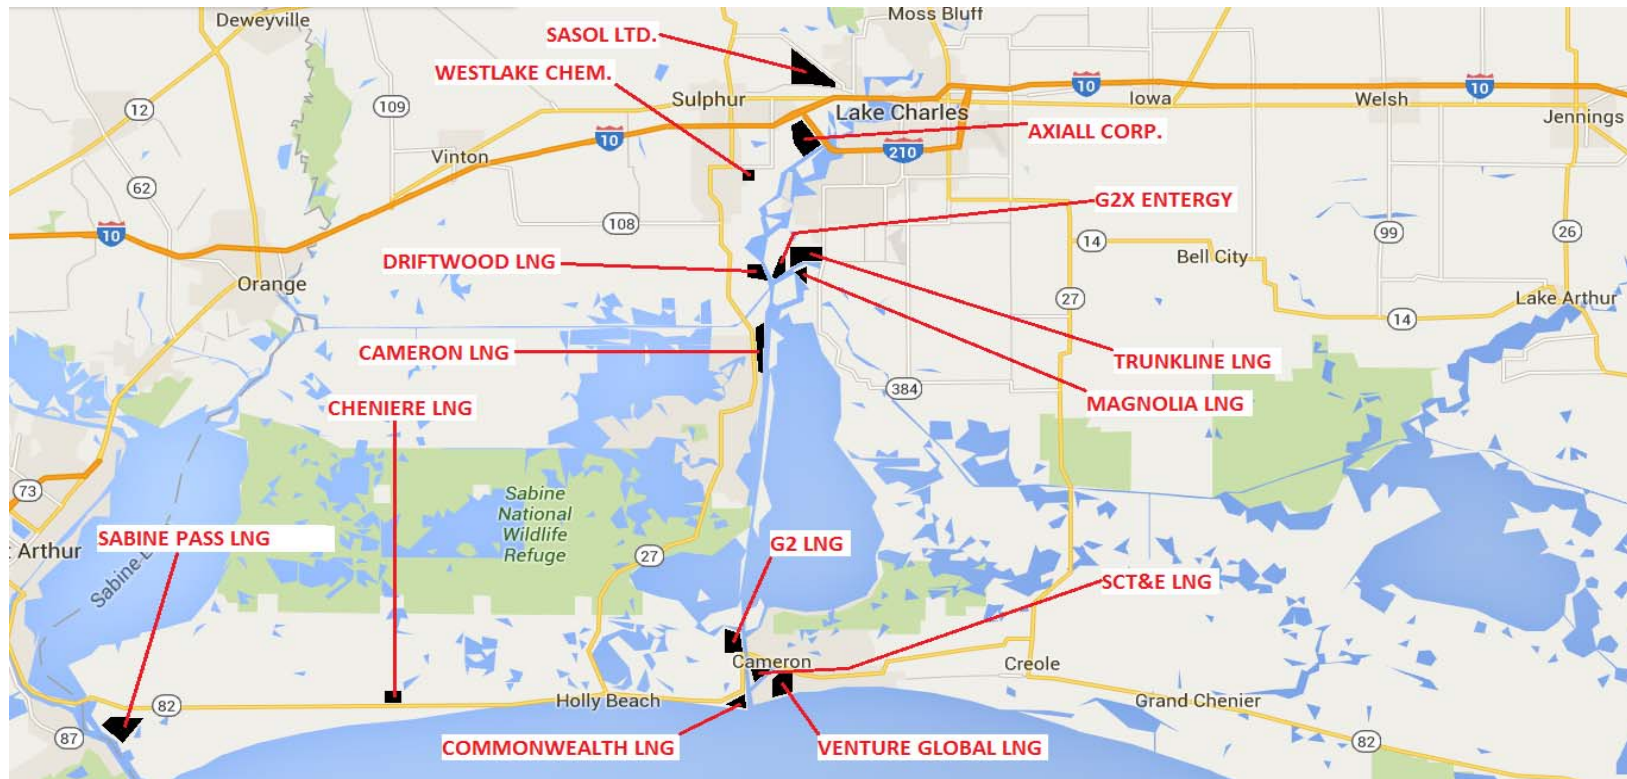

WHO ARE THEY?

- Sasol *
- Cameron LNG *
- Cheniere Entergy *
- Axiall *
- Trunkline LNG *
- Magnolia LNG
- G2X LNG
- Driftwood LNG
- Commonwealth LNG
- G2 LNG
- SCT&E LNG
- Venture Global LNG
- Westlake Chemical *
- Sabine Pass LNG *

* = Existing Facility

Underlined = Under Construction

WHERE ARE THEY?

TRAFFIC IMPACT STUDY?

- Worker Trips
- Materials/Equipment Delivery Trips
- Shift Times
- Access Locations – Temporary and Permanent

WHAT ARE THE CHALLENGES?

- Scope
- Mitigation
- Access Permits
- Park-n-Ride Facilities
- Worker Villages, aka "Man Camps"
- Borrow Sites
- Storage facilities, aka "Laydown yards"
- Zoning

WHAT ARE MY RECOMMENDATIONS?

- Be careful with Law Enforcement presence
- Coordination with Local Governing Body
- Within the TIS, only include sites (parking, man camps, etc.) with approved zoning permits
- Suggest most parking and man camps be located outside the urbanized area
- Revise the Department's policies and Louisiana Laws to include penalties for non-compliance
