Theme

This year's theme is "Beyond the Clouds." We live beneath the clouds. We look up and see them stand stationary or speed across the sky. We see them reflect the bright colors of the sunrise or sunset. They turn dark and purple, letting us know a storm is coming. We see almost every aspect of clouds, except what they look like from above.

Above the clouds is a space known only to those who dare to break the bounds of earth. Some soar in hot air balloons, gliders and hang gliders, floating across the sky with the clouds. Others fly in planes, as pilots or passengers, watching the clouds and earth race by below. Specially trained pilots in rugged aircraft fly into storm clouds, taking measurements that help those on the ground predict where the storm will go. Those in helicopters can stand still, like clouds on a still day, or can fly across the sky high and low. Aerobatic pilots love clear skies, so those below can watch their amazing feats of flight. Intrepid aviators on the ground send up weather balloons almost to space, both for science and for the amazing pictures that can be taken only when you get above the clouds.

The world of aviation is always changing as each new generation of pilots and designers bring their vision of flight to the world. Now it's your time to grab your favorite art supplies and turn your imagination loose!

Good Luck! **We encourage you to visit an airport near you that is having an aviation event and experience for yourself the joys aviation has to offer.** Art work will be judged, at least in part, for its creative use of this year's **theme** in relation to the aviation world. Contest Supporters

The 2017 Louisiana Aviation Art Contest is sponsored by the Louisiana Department of Transportation and Development, Aviation Section. In cooperation with the support of the Louisiana Airport Managers and Associates (LAMA), Local Chapters of the Experimental Aircraft Association (EAA), and the Aircraft Owners and Pilot's Association (AOPA), we are engaged to encourage young people to become more familiar with and participate in aeronautics, engineering, and science. For more information, contact the local EAA Chapter or the Louisiana Department of Transportation and Development, Aviation Section.
