**Additional Comments to the Aviation Program Funded 2015-2016,
Unfunded Program 2016-2017, and Unfunded Program 2017-2020.**

The actual project cost, on a project by project basis, may be below or above the estimate. However, the total amount approved for the Aviation Priority Program, for fiscal year 2015-2016, will not be exceeded.

In accordance with Act 451, 1989 regular Session, paragraph 803 (B), which states "...if governing authority of an airport authority, district, parish or of any local unit of government obtains ninety percent or more funding for an airport, or for an airport project, from federal sources or from sources other than state funds, the legislature shall give priority to funding the remaining amount necessary for the airport or for the airport project, even if the project is not on the priority list of projects." The legislature does further authorize LA DOTD to provide matching funds for any project during the Fiscal Year 2015-2016, which does not specifically appear on the list of projects developed in compliance with the Louisiana Airport Needs and Priority Development Program, but which has received a commitment of ninety percent or more funding.

The available funds will be distributed in the following order:

- 1) Projects in the FY 2015-2016 Aviation Program are funded directly from the Transportation Trust Fund that is allocated in FY 2015-2016 to the Aviation Program.
- 2) Any other project or eligible enhancements to previously approved projects which receives 90% funding from any source, other than another State source, but which has not been processed and prioritized and is not in either the FY 2015-2016 funded or the FY 2016-2017 and 2017-2020 unfunded portion of the Aviation Program.
- 3) The General Aviation and Reliever Airports Maintenance Grant Program shall be funded in accordance with the conditions specified in Chapter 8 of Title 2 of the Louisiana Revised Statutes.
- 4) In the event that additional funds become available, through special appropriations, underruns, project cancellations, or otherwise, certain unfunded, state only projects required for safety or infrastructure preservation at airports not eligible for Federal Aviation Administration (FAA) Airport Improvement Program (AIP) funding may be moved from the Unfunded FY 2016-2017 or Unfunded FY 2017-2020 Aviation Program to the FY 2015-2016 Aviation Program (funded list).
- 5) Aviation Trust Funds will not be used as a match for projects funded with Passenger Facility Charges (PFC) as PFCs can be approved by the FAA at 100% of the project cost.
